PRESS STATEMENT

Today, some misconceived information campaigns are going through social media that, some houses have been marked with black stickers pasted in a unique pattern by unknown persons, who are reportedly a gang of children lifters making efforts to steal children. The same type of situation happened in northern part especially in Malappuram District one year back. Consequently all the senior officers in the district were alerted and preliminary enquiries did not show any such incident and the apprehensions appeared to be false.

Similarly we conducted some enquiries during this time and found the information that children lifters are behind this are not correct.

All the Police Stations and Police Control Rooms have been alerted in the whole State and police have been asked to respond immediately, when any such apprehension from any person is disclosed. People should help Police to stop such misinformation campaign.
