Press Note

In the context of certain incidents in which it was noticed that the orders and guidelines regarding the attachment of police personnel to Senior Police Officers were flouted, the Government and the Department have already initiated effective action and strict compliance of the norms will be ensured. But in the backdrop of some such incidents, a section of media has been campaigning against the Senior Police Officers on the basis of wrong facts, figures and conjectures. Most of such news appearing in the Print and Visual Media are unverified/ incorrect/ baseless/ patently false. Such news has effects of demoralizing the Police leadership and reducing the trust and belief of the general population in the Police Department. Like Police, media also has an important role to play in the society. It would be in the interest of the society at large, if this section of media desists from indulging in such type of reporting. The Police leadership, on our part would like to assure you all that, we continue- to work to the best of our ability for the betterment of the people and their safety and security.

Loknath Behera,
DGP and State Police Chief.
