Circular No 08 /2020

Sub: Co-operation of Public for 'Janamaithri Police' – reg.

Kerala Police is marching forward in Janamaithri Policing. To increase the Co-operation of the public, the following may be observed.

1. Weekly parades of the Police Stations and Battalions will be done in public grounds near the police stations or battalions so that people can see the parade, which is always an attraction to any common person. This practice already exists in some places. Similarly, the district parades during Independence Day i.e., August 15th and Republic Day i.e., January 26th may be organized where more people can come and see like recently been done by CP, Kozhikode City (Republic Day parade arranged on the Beach Road).

2. Thiruvananthapuram City Police Band and Police Bands of the Battalions will perform at least for one hour in some prominent locations at least one day in a week. This will attract a lot of children/parents to come and enjoy the band displays, which will help in branding the Kerala Police as 'Janamaithri Police'.

3. In Thiruvananthapuram City, the Mounted Police will be used in large numbers at various places in the City for patrolling and related duties on every working day. This will also give necessary physical exercises to the Horses for their good health.

4. Similarly, the DPCs may arrange Police Dog Shows at least once in a month at prominent locations in the districts.
