ARMS INSPECTION REGISTER

Instructions

The body Nos. and Unit Nos. of all the weapons which are to be inspected by the Armourer concerned will be recorded in advance in the Register in the serial order of their Unit Nos.

(1)

With rifles and muskets, bayonets and scabbards also will be inspected.

(2)

Under column 4, entries regarding successive inspections will be entered. Only the minimum possible space will be utilised for each entry. Entries will include month of inspection recorded as 12/24, etc. If any repairs are carried out, the relevant refereces will be noted by giving the connected serial no in the case of Minor Repair Register, and the letters "Maj. R. " in the case of Major Repair Register. After the entry in respect of each inspection the column will be closed off by drawing a perpendicular line.
